

A detailed illustration of a satellite in space. The satellite has a central cylindrical body with a gold-colored mesh, a large silver parabolic dish antenna, and two long solar panel arrays extending outwards. The background shows the Earth's blue and white atmosphere against the blackness of space with some stars.

The Politics of Space Security and Space Law CPD

Develop and expand your comprehension
of global space politics and law

The University of Leicester has launched a new research-led and practitioner-informed Continuing Professional Development Course on the Politics of Space Security and Space Law led by experts in this emerging field.

The course is delivered online in one day, UK time, and is geared towards professionals of all levels in the space sector.

Course topics include:

- The rise of new military space powers
- UK, EU space politics and strategy
- International space institutions
- International and domestic space laws
- Global governance in space

Course Team

Dr Bleddyn Bowen, PhD, FHEA

Space Policy Expert
Lecturer in International Relations, University of Leicester

Bleddyn Bowen is a Lecturer in International Relations at the University of Leicester. He is an established researcher in modern warfare, politics, and security in outer space, and the author of *War in Space: Strategy, Spacepower, Geopolitics*. He has appeared before the UK House of Commons' Exiting the EU Select Committee and the Defence Select Committee on space policy. Bleddyn has an internationally recognised profile in space industry and policy communities. He is an advisor to the UN's Space Generation Advisory Council's Working Group on Cyber Security and Space, a member of the Editorial Board at the British Online Archives, and was a Visiting Scholar at the Space Policy Institute, Washington DC.

Joanne Wheeler MBE FRAeS

Alden Legal
Space Law and Regulations Expert
FT European Legal Innovator of the Year 2014

Joanne Wheeler is one of the leading experts in the field of satellite regulation and commercial contracts, having worked at both OFCOM, the European Space Agency, and for over 20 years in private legal practice in this area. She was awarded an MBE for services to the UK space industry in 2017. She is ranked in Tier 1 in legal directories for her satellite and communications expertise. She is a founder and Chair of the Satellite Finance Network. She is a Fellow of the Royal Astronomical Society and the Royal Aeronautical Society. She is also chair of the Steering Board of the National Space Academy and Trustee of the National Space Centre.

Indicative Programme
